Alto Drawer upgrade hardware

The Alto drawer system offers an affordable stylish solution with integrated softcloser. The full extension drawer system has been tested to archive a full 35kg weight capacity, making it durable and reliable.

The Alto drawer system is available in all UDUIT drawer configurations.

Ask for a quote and see how affordable this system is. Simply complete an online quote using the standard drawer range. Make sure you generate a quote first . Then email us to swap the drawers for the Alto range of drawers and we will do this for you.

[How do you add cabinets from the Designer range to your quote.](#)

Firstly complete a free online quote. Add in the other cabinets and panels you require into the basket and then generate a quote and complete the process. This will automatically generate a login where the quote will be saved.

Once you have done your initial quote email us the details of the cabinet or cabinets you require. Overall dimensions. Height x width x depth.

Because of some of the technical aspects of these cabinets we may ask you a few questions as well as verify size requirements of some of the cabinets.

We will then add the cabinet to your quote for you.

[Designer range - things you should know.](#)

Non-standard cabinets are supplied in a bulk format. This means the cabinets are still packed by cabinet but the hardware will be supplied in bulk.

Instructions for specific hardware items may be included separately with the hardware item as supplied by the hardware supplier.

The assembly instructions supplied may need to be used in conjunction with hardware installation instructions.

Designer range cabinets will also extend the lead time by 1 or 2 working days. You will be advised at the time of ordering via the system. Please check the dispatch date on the order.
