

Introduction to the minimal Kitchen Range

Minimal Kitchens will deliver the wow factor.

The clean, uninterrupted lines deliver a timeless look that is always in demand.

The ability to produce this door design, in combination with our high end laminates is really unique, and previously only available from custom kitchen designers and manufacturers.

To achieve the look it requires you, to follow certain rules. We hope the contents of this booklet will assist you in understanding the criteria

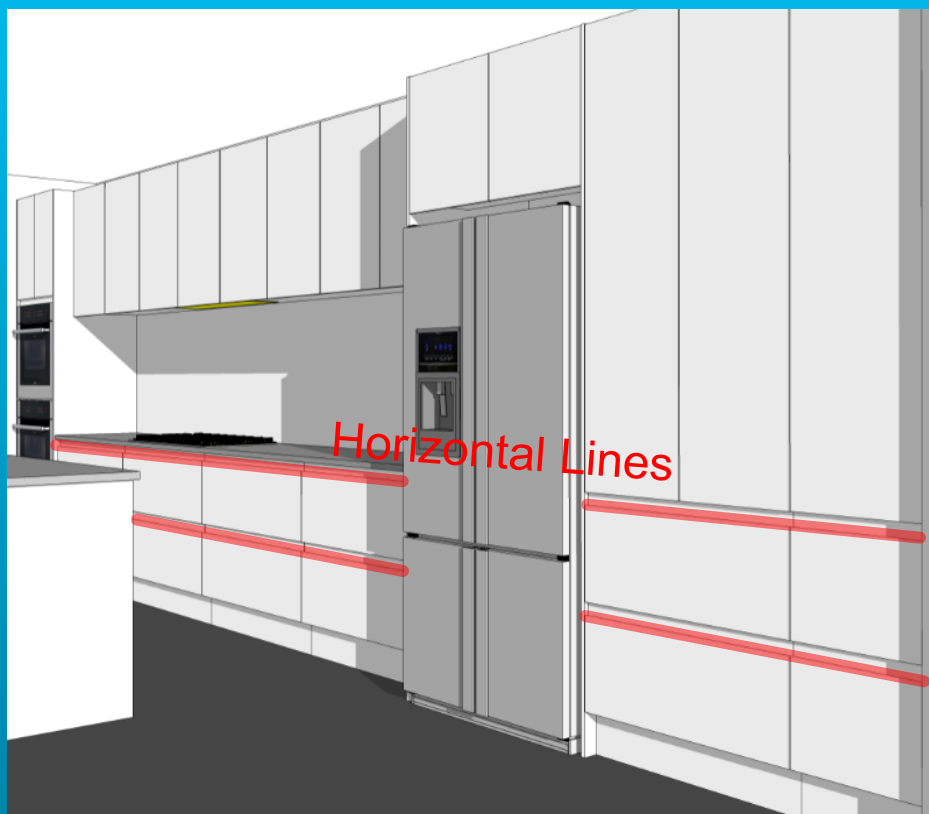

Designing with minimal is about

- Clean, simple, un-interrupted lines
- Handleless cabinets to achieve the minimal style.
- Group cabinet types together – Door cabinets with door cabinets, Drawer cabinets with drawer cabinets – where possible.

Minimal designing guide.

- Design using cabinets from the minimal range
- Use appliances that work with the minimal style
- For technical reasons the panels are laminated on 18mm board, therefore it is important to design & order only from the Minimal

minimal

Minimal is available in selected Colours & Finishes

ultratouch – smooth, matt anti-fingerprint finish

ultratouch
pure white

ultratouch
black

ultratouch
tungsten

Materials	<ul style="list-style-type: none"> ✓ World leading Austrian laminate.. ✓ ..on NZ made 18mm moisture resistant mdf ✓ Water & heat resistant PUR bonding
Cabinet flexibility	✓ Most cabinets can be adjusted in width.

What appliances go with the minimal range

You will need to choose your appliances carefully to fit the minimal design concept otherwise the design 'look' is disrupted.

Appliances that are suitable for the minimal range

- Free-standing dishwasher
- Double Dishdrawer
- Wall Ovens, or Under Bench Ovens
- Free Standing stoves

Some appliances will not work with this range

- Single dishdrawer
- Integrated appliances (Fridges, Rangehoods, dishwashers or dishdrawers)

Check with UDUIT before ordering your appliance.

Oven appliances

It's very important to check carefully the manufacturers specs before ordering the Oven Towers – especially the overall dimensions and extra venting allowances
