

Introduction to the **UDUIT** Cabinet range

GENERAL DETAILS

- Base (Floor) cabinets are 578mm deep including the fronts. (door / drawer front)
- Wall cabinets are 333mm deep including doors
- Pantry (Tall) cabinets are 608 mm deep including fronts. Tall Panels are 610mm deep to allow for benchtop overlap.
- When planning allow 150mm for feet/toekick height underneath Base and Pantry cabinets . The ordering system deducts this 150mm and will display the cabinet height. (Oventowers and Corner Pantry are displayed overall height)
- Oven/microwave tower is 610mm **depth**. This cabinet includes 2 tall coloured end panels. The **width** including the end panels is 633mm. **Height** including end panels and feet is 2086mm
- Corner Pantry cabinets require end panels to each side even if it is next to a pantry cabinet (Except when next to oven tower)
- Wine rack is a coloured décor cabinet and can be used as a wall or base cabinet. Feet are not required
- The Blind corner cabinet comes with an extended panel designed to butt up against the wall
- All cabinets are supplied flat packed.
- All hardware required to assemble the cabinet is supplied in prepacked kits.
- Handles need to be ordered separately. We do not drill for handles.
- The cabinet gallery includes door thickness in depth and feet in height.

Panel Detail

- Maximum Height/Width combinations are 1190x2400 or 2400x1190
- Edge detail indicated on panels is based on looking at the seen/front face of the panel.
- Woodgrain Direction on Standard Panels is Vertical
- Bar back panels woodgrain direction is horizontal

Where you are wanting vertical grain on a panel greater than width required you will need to split the panel into 2
